2021-2024
Nettur Technical Training Foundation
Computer Engineering & IT Infrastucture
2021
Sri Rama Vidyalaya
CBSE

SKILLS

- HTML /CSS
- WSA
- Python
- AWS / AZURE /GCP
- GitHub
- VSCODE
- SQL

LANGUAGE

English
Telugu
Tamil
Kannada

PROJECTS

● NTTF

Digital Notice Board

A wireless LED notice board is a wireless system that enables users to transmit data to a display board via their mobile phones. The system comprises a Wi-Fi module, an LED P10 display, and a power supply. When a user sends data from their mobile phone, the Wi-Fi module receives and transmits the data to the P10 display via the Wi-Fi module. The P10 display then displays the data.

● Personal / Private

CTCS

The Codelementry Tracking & Control System (CTCS) is a customizable service that collects, evaluates, and transfers real-time data to enable effective monitoring and administration of critical processes. It can be easily integrated into existing systems and offers features for managing digital assets, providing real-time data insights for informed decision-making. CTCS is a valuable tool for businesses seeking to improve processes and stay competitive in the digital era.

AWARDS

★ WorldSkill Asia 2023

I had the honor of participating in the highly-rewarded WorldSkill Asia 2023 event in Abu Dhabi on November 30th, where I exhibited my technical prowess as an IT System and Network Administrator. My performance earned me a Participation Certificate, acknowledging my unwavering dedication to producing exceptional work and keeping up with the latest advancements in the field.

CERTIFICATES

- AWS Academy Introduction to Cloud Semester 1 - 2
- CISCO - CCNA: Introduction to Networks
- CISCO - Switching, Routing, and Wireless Essentials
- CISCO - Enterprise Networking, Security, and Automation
- SkillIndia
